WHY NOT BRIDGE

THE RIVER?

We have talked with a bridge builder and he informs us that a bridge with a draw can be built across the river south of town for about \$3000. This is one of the most badly needed bridges in Lincoln county. It would open up the Beaver Creek country, giving them road connection with Toledo and Newport. It would open up a shorter route to Eugene, Albany and Corvallis, via the Big Elk country, that would induce hundreds of motorists to visit our beaches each season. It would shorten the distance from Big Elk Valley to Toledo by sixteen miles, besides giving a better grade. The farmers of the Beaver Creek and Big Elk localities would be directly benefited as also would the cities of Newport and Toledo.

Now is the proper time to build this bridge, as it will give a number of the men, who are now idle and badly in need of work, a chance to make a few dollars.

WHAT ABOUT THE FAIR?

At the next meeting of the County Court the matter of locating the County Fair will come up for consideration. Are the business men of Toledo going to let the Fair be held somewhere else without making an effort to keep it here? Are we going to sleep on our rights and let the Fair slip through our fingers. Several localities in the county are working tooth and toe-nail to get the Fair located in their town. Toledo has made no effort whatever.

The buildings are already here and we do not believe the citizens of Toledo will let a little matter of furnishing free ground to the Fair Board stand in the way of locating the Fair here. Another thing—we have got to get busy at once if we secure the Fair.

REGARDING THE TIMBER CRUISE

County Judge R. R. Miller is in receipt of the following letter, which is self explanatory:
Astoria, Ore., April 17, 1915.
Hon. R. R. Miller, County Judge, Toledo, Oregon.

Dear Sir:—I have your letter of inquiry of recent date pertaining to the cruising of timbered lands of this county and in reply thereto beg leave to state that the Nease Timber Company, of Portland, Oregon, were employed by the County Court of this county in 1913 to cruise the timbered lands within the county for the purpose of furnishing to this office reliable data which would enable the Assessor to equitably assess this class of property.

The Clatsop county contract with the Nease Timber Company was lived up to by them in both letter and spirit and I know from actual experience that they are thoroughly competent and reliable and it is with pleasure that I recommend them to your county, knowing that should you employ them you would get value received for your money.

The year after we cruised Clatsop county we raised approximately \$300,000 MORE taxes than the year before, but the resident taxpayers, such as farmers and dairymen, etc., paid LESS taxes than they did the previous year.

Prior to having our timber cruised it was absolutely an impossibility to place equitable valuations on timbered lands and as a result this class of property had escaped paying its proper share or proportion of taxation for many years, thus causing a much heavier proportion to fall on other classes of property, and further in that regard there was a greater discrepancy in the valuations placed upon the timbered lands, which resulted in inequitable taxation upon various owners of timbered lands. We now have, since the cruise has been made, reliable and definite data which enables us to place proper valuations on each and every legal subdivision within the county and the records and data furnished by the Nease Timber Company I consider one of the most valuable assets in the possession of Clatsop county.

A number of years ago Clatsop county expended a considerable sum of money in attempting to cruise its timber by employing men by the day. The data acquired by this method was absolutely valueless and the money expended therefor practically wasted.

The timber corporations in this county made strenuous efforts to attack the accuracy and reliability of the cruise made by the Nease Timber Company and were unsuccessful in all cases and in that regard will say that the Nease Timber Company has always stood back of their work in this county and stood between the owners and the county in these various contests and I personally consider the attacks made by them upon the Nease Timber Company as one of the greatest recommendations in behalf of the Nease Company.

F. P. Leinenweber,
Assessor Clatsop County, Oregon.

Paints and wall paper selling at cost at the Racket store.

See Billy McGee about that suit while the sale is on.

C. K. Crosno was a passenger for Kings Valley yesterday.

Miss Nora Krogstad visited with Mr. and Mrs. C. G. North at Newport the first of the week.

Mrs. Walter Hall of Siletz was a passenger for the Valley this morning.

The High School baseball team goes to Elk City Sunday for a game of ball.

Arthur Nye and Ralph Pepin went to Eddyville on a fishing trip this morning.

Mrs. Roy Walker went to Eddyville this morning for a few days' visit with her parents, Mr. and Mrs. Bachman.

The local lumber company is returning the large planer which was installed in the mill about a year ago.

Mrs. L. H. Payne came up from Newport this morning for a visit with her son, Maurice Andersen, and family.

This office is busily engaged in printing the High School Annual for the graduating class of the local high school.

Capt. Jack Fogarty expects to commence driving piling for the Toledo-Yaquina bridge either today or tomorrow.

Rev. C. R. Ellsworth was called to Chitwood Wednesday to perform the marriage ceremony for Richard Lakin and Johanneette Aty.

Dan Grady is having the tide-land bunch grass grubbed from his tideland and plowing the ground. Messrs. Coombs and Hanna are doing the grubbing.

M. N. Anderson and Billy Wheaton have taken over the wood business of Jack Bellany and are now prepared to fill your wants in the wood line.

Mr. and Mrs. George Brooks and daughter, Miss Ruby, who have been residing in West Toledo the past several months, will leave tomorrow for Coos Bay, their old home, going by boat.

The oldest young man to be initiated into the Oddfellows lodge in this city and probably in the state took the initiatory degree in the local lodge last Tuesday evening. This boy was James McDonald, aged 72 years.

Mrs. Anna Waltenburg and August Kullama of Rose Lodge were brought to Toledo the first of the week on a statutory charge, but on motion of District Attorney Stewart the case was dismissed.

A meeting will be held at the Grammar School building, Friday evening, April 30th, for the purpose of discussing the advisability of adding manual training and domestic science to the High School course. As the taxpayers of the district have to foot the bill, the board desires that they attend this meeting and express an opinion in the matter, also the parents of children attending school should be present and give their views. Remember the date, Friday, April 30th, at 7:30 p. m.

MRS. T. P. FISH

Will have a Special Sale on all Dry Goods and Millinery in her store, commencing Thursday, April 22, and lasting until Saturday, April 24th.

Paints and wall paper selling at cost at the Racket store.

A Sluggish Liver

Needs Attention

Fine for the Stomach, too. Stop the Dizziness, Indigestion. Clear the blood. Only 25c. at your Druggist.

The Ford is lighter than any other car of its size and power. Yet stronger, sturdier, longer lasting. Vanadium steel, that's why. Vanadium is the hardest, strongest, toughest steel made. It is the only steel that is hard and tough at the same time. It is the highest priced steel that is used in automobile construction. Yet the Ford is very low in price. Its quality, terms, price and small cost of operation and upkeep, less than two cents a mile, have made it the universal necessity in town and country.

Buyers will share in profits if we sell at retail 300,000 new Ford cars between August, 1914, and August, 1915.

Runabout, \$440; Touring Car, \$490; Town Car, \$690; Couplet, \$750; Sedan, \$975, f. o. b. Detroit with all equipment.
